CHILD'S NAME:

AGE:

“A HAT FOR A FRIEND” PROGRAM

Unused or gently used sport caps from sport teams can be used to donate to another child in a different country.

“Hat-for-a-Friend” family program is a part of OEBC missions in education support and early childhood vision care and prevent blindness. Early sun protection can help prevent cataract, pterygium and many other vision problems later in life.

OEBC and “HAT-FOR-A-FRIEND” Program Impact

1. Help children understands the concept of reuse, recycle.
2. Help children to have perspective on the different values in life and volunteerism.
3. Allows families to work together, instilling in children examples of appreciation and gratitude as a way of life.
4. Allow children to be "in charge" for his or her goal

Please allow me to collect the hats/caps that are unused or gently used so I can donate to Open Eyes Beyond Border group to help underprivileged children in another country.

Thank you for all your help.
